PROFESSIONAL SUMMARY

Frontend Developer with hands-on experience building responsive and user-focused web applications using **React, JavaScript, HTML, CSS, and Tailwind CSS**. Skilled in translating UI designs into functional, accessible interfaces and developing reusable components for scalable applications.

With a professional healthcare background, I bring strong analytical thinking, attention to detail, and collaboration skills gained from high-responsibility environments. Passionate about leveraging technology to solve real-world problems, particularly within **fintech and digital platforms serving large user bases**. Currently strengthening engineering skills through real-world projects, internships, and continuous learning.

TECHNICAL SKILLS

- **Frontend:**
 - React, JavaScript (ES6+), HTML5, CSS3, Typescript, Tailwind CSS, Responsive Design, API Integration
- **Tools & Workflow:**
 - Git, GitHub, VS Code, Vercel, Netlify, Figma, Chrome DevTools
- **Concepts:**
 - UI/UX Principles, Component-Based Architecture, Software Development Lifecycle, Debugging, Version Control
- **Professional & Soft Skills:**
 - Critical Thinking & Problem-Solving, Clear Written and Verbal Communication, Leadership & Team Collaboration, Strong Work Ethic and Adaptability.

PROJECTS

Project	Description	Stack	Repo	Link
Online Store	• Built multi-page e-commerce interface including authentication UI, cart system, and product pages. • Implemented DOM manipulation and client-side state handling. • Designed responsive layouts optimized for mobile and desktop devices.	HTML, CSS, JavaScript	View Repo	Live Link

Project	Description	Stack	Repo	Link
Mini-Projects Collection	- Developed multiple small-scale projects to strengthen core frontend concepts and UI implementation skills. - Practiced reusable UI patterns and responsive design techniques.	HTML, CSS, JavaScript	View Repo	Live Link
V-Food App	- Designed and implemented responsive landing page focused on usability and accessibility. - Converted visual design concepts into functional web layouts.	HTML, CSS, JavaScript	View Repo	Live Link
JustShoes Clone	- Built product detail and cart functionality using reusable React components. - Integrated external APIs for dynamic product rendering. - Applied component-based architecture and responsive UI design.	React, CSS, API Integration	View Repo	Live Link

EXPERIENCE

Intern Frontend Developer

Digital Health Africa: January 2026 – Present

- Developed UI components and interface improvements for web directory platform.
- Built profile modal interfaces for viewing professional profiles.
- Contributed to verification workflows for professional onboarding systems.
- Created user onboarding guides to improve platform adoption and usability.
- Collaborated with team members using Git-based workflows

Frontend Development

(Project-Based Learning): 2024 – Present

- Design and build frontend applications using modern web technologies.
- Practice pixel-perfect UI implementation from design references.
- Apply component-based architecture and version control workflows.
- Continuously improve performance, responsiveness, and usability across projects.

Intern Nurse

Federal Medical Centre (FMC), Owo: October 2024 – October 2025

- Provided routine and emergency care for 50+ patients, enhancing efficiency and satisfaction.
- Maintained 100% accurate patient records and coordinated departmental reports.
- Delivered post-discharge education and managed appointments and inventory.
- Collaborated with interdisciplinary teams to optimize patient care.

LEADERSHIP & VOLUNTEERING

Assistant Team Lead, Communications Team (Volunteer)

Nigerian Red Cross Society, Edo State Branch: 2025 – Present

- Improved communication flow for 100+ volunteers through coordinated digital updates and messaging.
- Supported awareness campaigns that increased community engagement across social platforms.
- Enhanced event reporting and visibility using digital tools and visual content.

Secretary General, (NUNSA) University of Benin Chapter - 2021/2022 Academic Session.

- Managed administrative documentation, official communication, and meeting coordination.

Budget Committee Chair, NUNSA, UNIBEN Chapter - 2022/2023 Academic Session.

- Oversaw organizational planning documentation and coordination.

Team Lead, Media & Publicity / Programme Coordinator (NANS Week) 2024

- Led media and publicity efforts; coordinated schedules; managed communication between committees and ensured smooth execution of NANS Week 2024.

EDUCATION

Bachelor of Nursing Science

University of Benin, Benin City, Edo State.

2019 – 2024

PROFESSIONAL CERTIFICATIONS

- **Registered Nurse (RN)** — NMCN (2023)
- **Registered Midwife (RM)** — NMCN (2024)
- **Registered Public Health Nurse (RPHN)** — NMCN (2024)
- **Frontend Development (In Progress):** Self-learning via projects, documentation, internships and online courses.
